until 9:15 a.m.

The University of Calgary Conjoint Faculties Research Ethics Board has approved this study (REB22-1756).

Help us Understand How Well the Integrated School Support Program (ISSP) is Working at Your School

What is this study about?

The ISSP is an early intervention and prevention initiative that is intended to provide essential services to address a variety of needs in diverse elementary schools. It aims to provide wraparound school supports which may include a positive police presence, on-site mental health worker, physical education teacher, social, access to a health clinician, breakfast and lunch programs, and after-school programs. We want to evaluate how well this program is working and we are asking you to help us by taking part in this study.

What are we asking from parents?

- Consent for your child to participate.
- Demographics (e.g., language, age, gender, sex, etc.)
- 2x/year survey:
 - o Child's fitness and nutrition (~10 min)
- Participate in a focus group about your experiences with ISSP in your child's school.

What are the benefits of participating?

- Understanding how well this program is serving your child's school.
- Having a voice in the programming as the information collected about the program will be used to inform future improvements.

What are we asking from students?

- 2x/year survey (~20 minutes)
 - o Social emotional wellbeing
 - o School climate
 - o Resilience
- Access to reading screeners your child completed at school.

Are there any risks to participating?

- Minimal risk; possibly mild fatigue or emotional stress from completing surveys.

What should I do now?

- Access the parent consent form for more information.

Have Questions? Please contact:
